Under the Investing for Success Agreement for 2016
Corinda State School received $244,650

Our full 2016 agreement can be found at:

Our school initiatives are on track to meet or exceed our targets

During 2016, we focused on maximising the benefits of this funding for our students.

After reviewing our 2016 Investing for Success agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

- The creation of a full-time Head of Curriculum position to build teacher capacity in delivering high-impact teaching practices. The provision of additional release time, working with this role, has developed more consistent and productive practices in the design and delivery of instruction with all teachers.

  Teachers are now effectively using evidence to track student learning and target their ongoing teaching priorities. This Head of Curriculum role and the additional release time will be maintained via Investing for Success funding in 2017.

- The retention of additional staffing to deliver an Early Years’ Oral Language Support Program. Prep Year and Year 1 children identified as being at-risk were provided weekly support throughout the year.

  The ongoing learning data generated by these children in the program was reviewed and analyzed, with subsequent information being provided to parents and class teachers. This program of support will be maintained via Investing for Success funding in 2017.

- Employing additional teacher aide time ensured concurrent Guided Reading sessions were provided in all classrooms each week. These Guided Reading sessions were invaluable in gathering Reading Behaviour Observations on all students. This program of support will be modified for 2017.
