

# How To: Enrol a BYO Laptop in Intune

---

## What is Intune?

Microsoft Intune is a secure mobile management system. It allows students to use school Wi-Fi to access learning applications, websites, and their school email account on their laptop.

## What Can the Department See and Do on My Child's Device?

Data gathered about student devices is kept to a minimum, allowing us as a school to appropriately administer the device's use on campus, but maintaining the privacy of your student and their device.

The table below details what Intune administrators for the department can see and do to a student BYO device:

<b>What Intune administrators can see on personal devices</b>	<b>What Intune administrators cannot see on personal devices</b>
Your school can only see information that may be relevant to the school:	Your school does not monitor use of the device:
Device owner.	Cannot see your child's personal information.
Device name.	Cannot see what your child is doing on their device.
Device model.	Does not track student's locations / device location.
Device manufacturer.	Does not provide information on personally installed applications.
Operating system and version eg: iOS 13 or Windows 11.	Unable to uninstall user installed applications.
Apps managed by Intune only, not personal apps	Home Network cannot be seen.
Device serial number and IMEI.	Cannot see calling and web browsing history.
Storage space	Cannot see Email and text messages.
	Cannot see contacts.
	Cannot see calendars.

	Cannot see passwords.
	Cannot see pictures, including what's in the photos app or camera roll.
	Cannot see files.

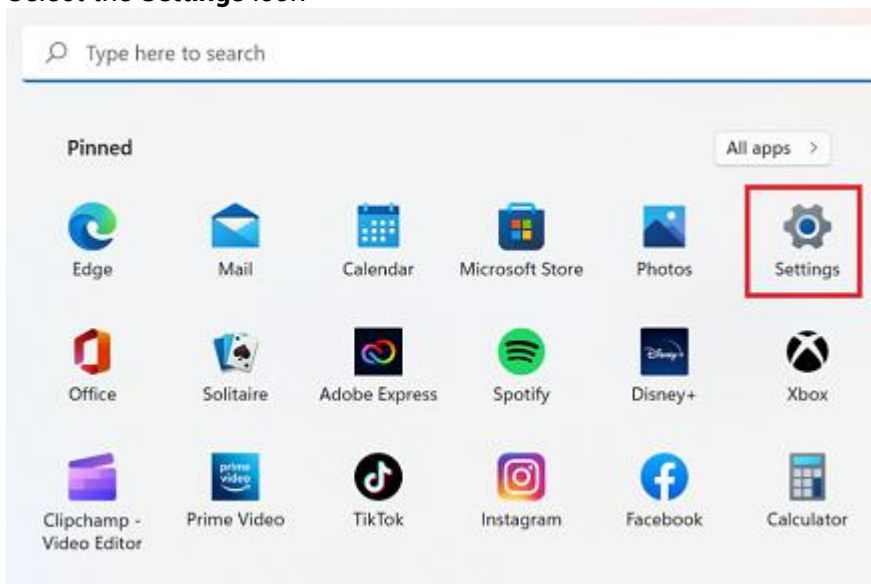

## How to Enrol

You can follow the steps below to enrol your student's BYO Windows laptop in Intune. Additionally, you can follow [the Department's video guide](#).

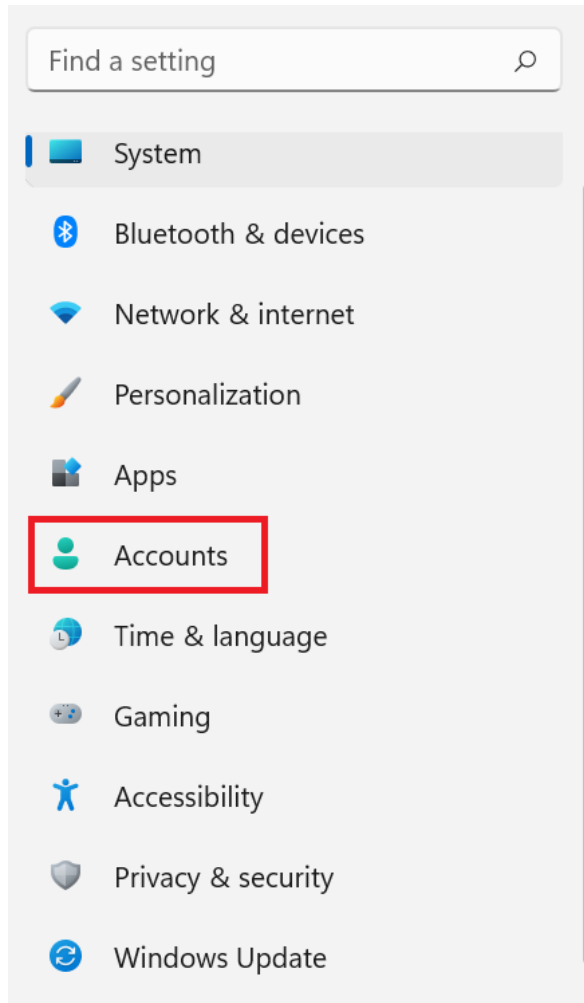

1. Connect to the internet and select the Windows icon at the bottom of your screen

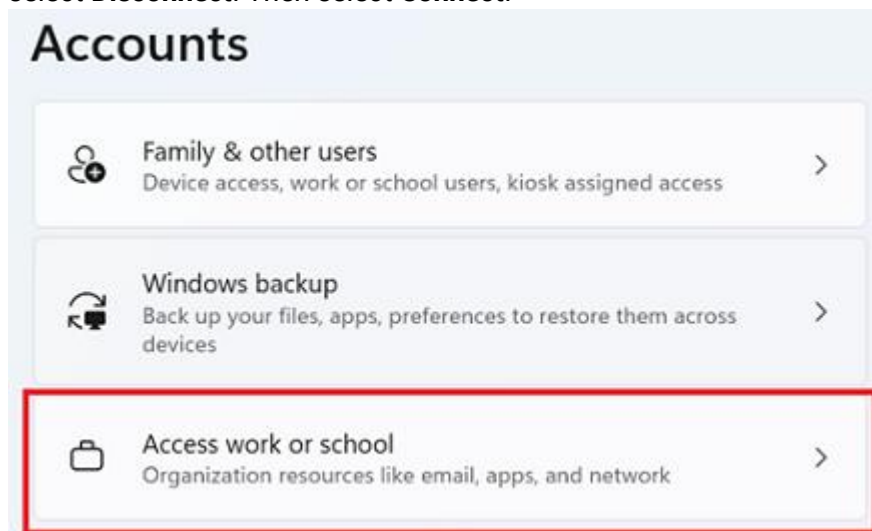

2. Select the **Settings** icon

3. Select **Accounts**

4. Select **Access work or school**. If your account is already listed, select it and then select **Disconnect**. Then select **Connect**.

5. Enter your school *@eq.edu.au* email address and select **Next**.

## Set up a work or school account

You'll get access to resources like email, apps, and the network. Connecting means your work or school might control some things on this device, such as which settings you can change. For specific info about this, ask them.

6. Please enter your username, password, accept the terms and conditions, and **Sign in**.

## Managed Internet Service

Sign in with your username and password
