From the Principal

School overview

CORINDA STATE SCHOOL Corinda State School is situated at 330 Cliveden Avenue, Corinda. We are approximately seven kilometres from the city. The grounds area is approximately 7 hectares. The school is in a relatively quiet location being bounded by Dunlop Park and Cliveden Avenue reserve. Corinda State School was established in 1927, however moved progressively to its current location from 1976. Currently the school consists of three Preparatory classes, 20 primary teaching spaces, open area with flexible partitions, a music block, a state of the art Resource Centre, Performing Arts Centre, Special Education Building, Before and After School Care Centre, an administration block and covered half basketball court. These facilities are complemented by an amenities block, a new school canteen and uniform shop. The school has an oval, grassed play areas, an environmental area, tennis courts, two adventure playgrounds, basketball court, handball courts and netball courts. These facilities are utilised by most students when preparing for their participation in the inter-school sporting competitions for the autumn and spring sporting seasons. The school accesses the adjacent Dunlop Park Swimming Pool for swimming lessons in the summer months. Corinda State School is a cluster school for Physical Impairment. All except 4 teaching spaces are wheelchair accessible. The school also hosts a Head of Special Education Services (HOSES) position for the Oxley Road Program (across Graceville, Sherwood, Corinda and Oxley State Schools) to support students with a verified disability (including Intellectual Impairments, Speech Language Impairment and Autistic Spectrum Disorder). This allows students to be supported while attending their local school. Corinda is highly sought after as a family oriented school. The school population is drawn from more than 39 suburbs and includes over 40 nationalities. Enrolments are currently 580 students from Prep – Year 6. The school operates under an Enrolment Management Plan which ensures that the enrolment is maintained at a sustainable level. The student enrolment capacity is recognised as 594 students. In addition to 23 classroom teachers, our school has specialists in Music, Physical Education, Teacher Librarian and French. A full-time Support Teacher for Literacy and Numeracy, and English as a Second Language (ESL) teacher, visiting Guidance Officer and Speech Language Pathologist are available to assist children. A Chaplaincy program operates in the school to support families with both physical and emotional needs 2 days a week. Parent and community participation in the school is strong, through involvement in the Parents' and Citizens' Association and related activities including volunteer work in classrooms and other school activities. The school welcomes Ready Readers in the junior classrooms as a vital addition to supporting literacy development and enjoyment of reading. The school enjoys close links with Corinda State High School, Rotary Club – sponsoring the Junior Rotarian program in Year 6, the local RSL, PCYC, Oxley United Football Club, local churches and businesses. Our school has a flexible committee structure which focuses on the strategic and management operations of the school. Genuine partnerships with students, parents and the community have successfully resulted in the spirit of co-operation existing in our school.

Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

Social climate

Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community. Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

School disciplinary absences

Cancellations of enrolment	0	0	0

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	191,299	193,113	201,422
Water (kL)			

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

Qualification of all teachers

The Queensland College of Teachers (QCT) is responsible for ensuring that teaching in Queensland schools is performed by an appropriately qualified person, that has successfully completed either -

- (a) a four-year initial teacher education program including teacher education studies of at least one year (e.g. a Bachelor of Education, or a double Bachelor degree in Science and Teaching) or
- (b) a one-year graduate initial teacher education program following a degree (e.g. a one-year Graduate Diploma of Education (Secondary) after a three-year Bachelor degree) or
- (c) another course of teacher education that the QCT is reasonably satisfied is the equivalent of (a) or (b). These are considered on a case-by-case basis.
